

To all who knew Lucy, it was apparent that she viewed life through an artist's eyes. She lived to find the beauty in everyone and all things she encountered. Upon her departure, she left the world a more beautiful place.

To honor Lucy Belle Perkins' life and her love of art her family and friends founded Lucy Belle's Rainbow, an initiative to provide art supplies for children receiving cancer treatment at Children's' Hospital of Philadelphia.

There is a great need for art supplies for eighty to one hundred children who go to the hospital playrooms daily. In addition, we are going to provide individual art kits for each child receiving cancer treatment at CHOP.

Here's how your can help us Make Art and Smile.

**1<sup>st</sup> grade:** boxes of crayons (64 preferred),

**2<sup>nd</sup> grade:** sticker books with stickers, Elmer's glue.

**3<sup>rd</sup> grade:** boxes of colored pencils,

**4<sup>th</sup> grade:** small sketch books no larger than 9 x 12", glue sticks.

**5<sup>th</sup> grade:** watercolor sets,

Thank you for your help with this project to honor Lucy,
